

## ANNOUNCEMENTS

**March 2019**

### **"Spring Cleaning / Garage Sale / Swap Meet"**

The March 17, 2019 MacGroup Detroit meeting will give our members a chance to recycle any Computer related items they no longer use. Maybe the Holidays gifted you with a brand new device and your old one needs a new home. Maybe your New Years resolution was to "Marie Kondo" your home. Maybe your family is threatening to call the producers of the Hoarders TV show on you. Whatever fits your needs... we have a place for you to hopefully unload it.

We will have plenty of tables available for you to sell or giveaway unwanted items. There will be no charge required for a table. Members with a single to a few items will be able to share a table. Please clearly label any items with the price you are asking. Sellers/Donators will be responsible for removing all data from any device before the meeting. Sellers should also have cash on hand to make change. We suggest using ApplePay, Venmo, Square Cash or any app of your choosing to make transactions easy.

Only requirement for this event is "whatever you don't sell or give away... YOU HAVE TO TAKE IT HOME WITH YOU!"

Nothing can be left at the Temple after the meeting.

**Message from  
MacGroup-Detroit President Dave McGuire**

MacGroup-Detroit's mission has been to provide information, tips and help to novices, intermediates and professionals. Over the last 32 years, MacGroup-Detroit has accomplished this goal successfully. We would like to think that everyone who has visited our website, the iBBS or a meeting has found an answer to a question or learned something new.

Thank you for being a part of this special group of like-minded folks who get together to share and learn about Apple products. This has been an Educational group first and foremost, followed by many new friendships created here.

After much consideration and thought by the Board of Directors, it was decided that MacGroup-Detroit has successfully completed its mission of serving our members. With all the resources that are now easily available to anyone (ie: Internet, Apple Stores, etc.), there are plenty of other options available. While every Mac User Group has or is facing similar situations like declining membership, we would like to still be known as Michigan's Largest Mac User Group.

The decision has been made to dissolve MacGroup-Detroit and it did not come lightly. The paperwork for dissolving MacGroup-Detroit will be filed and the Board of Directors will be following the guidelines set by State and Federal rules for 501 c3 non-profit groups.

For those wondering about recent membership dues paid, we will offer a pro-rated refund upon written/email request. Any requests should be sent by March 18, 2019 to: [info@macgroup.org](mailto:info@macgroup.org). We expect to process them within 30 days from that time. We will attempt to honor all requests until funds are unavailable. Any funds left over must be donated to another 501 c3 organization.

The website will be updated to reflect our decision in the near future. This also means the iBBS will be closed down on March 31, 2019. MacGroup email accounts will be shut down at the same time. Please archive any emails you wish to save.

We are announcing that MacGroup-Detroit's March 2019 meeting will be our last. Please join us to say farewell to a group that has changed so many lives for the better.

Thank you for your support of MacGroup-Detroit over the last 32 years.
